

What's Happening in Auckland?

Monday 16th

Dig a Hole Day

This is designed for teachers and their interested students. See what the soil is like under your feet and then hear about the formation of the Auckland area

See attached Poster for more details

Where: St Kentigern Boys Schools
82 Shore Rd, Remuera

Parking at Gate 1 - follow the signs and meet at the Roselle Lawn

When: 4.30 p.m.

Bring a rain coat if it looks a bit wet

If you wish to attend this workshop please sign up [here](#)

Wednesday 18th

Talking Science in Primary Schools

A look at how Science is taught around Auckland schools.

We will have a quick look at the way several different teachers are delivering Science in their schools. There will also be a chance for you to ask questions and share your ideas. This workshop is designed for anybody with a passion for science teaching in Primary and Intermediate Schools

Where: Science Lab
King's School,
Gate 2, 258 Remuera Rd, Remuera

Parking is only available in the surrounding streets (watch for transit lanes)

When: 4.30 p.m.

If you wish to attend this workshop then please sign up [here](#)

Don't Forget:

Turn your students into real Scientists by completing the National Experiment

Investigating Soil Moisture

This experiment is based on investigations carried out by our New Zealand Soil Scientists. [Look here](#)

Take photos of your students or have them take their own to enter our **Getting Dirty Photo Competition**
For Details [check here](#).

Join the **Science Learning Hub Team** on **Thursday 5 May** at 4pm for a free online 45-minute professional development session to unpack the 2016 national experiment

Investigating Soil Moisture.

This session is especially for primary teachers.

[Register here](#)

[Look](#) at all our Soil **resources** to help you plan your investigation of soils.

ASTA presents as part of Primary Science Week...

Attention All Teachers - Learn about Science from the experts
Free Professional Development Afternoon

Dig A Hole Day

*Come and explore
the world beneath our feet.*

*Learn about New Zealand fossils &
how to test soils for their properties.*

**Students are welcome
to attend**

Meet Our Experts

Dr Bruce Hayward, Paleontologist and geologist
- New Zealand fossils
- Auckland's Volcanoes

Dr Robyn Simcock, Soil Scientist for Landcare
- Exploring different soil samples
- How to test our soils for their properties
